

Maritime Collaboration Summit

Tues/Wed. 17-18 Nov. 2009

Location: Aboard the Hornblower Inspiration

The goals of the Maritime Collaboration Summit are:

- 1) Bring together the highly diversified maritime community in San Diego to build collaboration bridges to benefit from innovative technologies and to move projects ahead more quickly & successfully;
- 2) Promote interaction between the scientific community and the manufacturers of innovative maritime technologies – the concurrent technology exposition will provide a convenient forum; and
- 3) Provide a focus for proposed maritime missions to San Diego to time the trips so they can interact with potential clients, collaborators, and partners for the week before, during, and after the conference.

Day 1 - Tuesday, Nov. 17, 2009
